

Electronic Prescribing – Technical Framework Documents

Release Note

11 August 2020 v2.2.1
Approved for external information
Document ID: DH-3189:2020

Related end product identifier: EP-3283:2020

Release rationale

This release of the end product EP-3283:2020 provides the following revisions:

1. This release of the DH-3275:2020 Electronic Prescribing – Participating Software Conformance Profile v2.2.1 replaces the following product:

- a. DH-3188:2020 Electronic Prescribing – Participating Software Conformance Profile v2.2

DH-3275:2020 Electronic Prescribing – Participating Software Conformance Profile v2.2.1 includes the following important revisions:

- Modification of one Prescription Delivery Service requirement; and
- Modification of one Mobile Intermediary requirement.

For a comprehensive list of changes, please refer to the Change Details section below.

Package inclusions

Updated (supersedes previous version)

Identifier	Name and version
DH-3189:2020	Electronic Prescribing – Technical Framework Documents - Release Note v2.2.1 (this document)
DH-3275: 2020	Electronic Prescribing - Participating Software Conformance Profile v2.2.1

No change

Identifier	Name and version
DH-2988:2019	Electronic Prescribing Solution Architecture v2.0
DH-2625:2017	Electronic Prescribing - National Requirements for Electronic Prescriptions v1.0

Identifier	Name and version
DH-3174:2020	Electronic Prescribing – Conformance Assessment Scheme v2.1

Change Details

The following items are addressed by this release of DH-3188:2020 Electronic Prescribing – Participating Software Conformance Profile v2.2.1

Requirement ID	Summary	Change Description
N/A	Application of strikethrough	Some conformance requirements in this document contain strike-through to indicate that software is not expected to satisfy that requirement. Those requirements, or similar, will be re-introduced at a later date.
DS-22	Application of strikethrough	Strikethrough has been applied to the requirement for a PDS to include “time zone” in an audit log. Strike-through indicates that software is not expected to satisfy this requirement. This requirement, or similar, will be re-introduced at a later date.
MI-4	Application of strikethrough	Strike-through indicates that software is not expected to satisfy this requirement. This requirement, or similar, will be re-introduced at a later date.

No change has been made to Prescribing, Dispensing, Mobile Intermediary, or Mobile Application related requirements in the Participating Software Conformance Profile.

Stakeholders

The following stakeholders have been involved in the development of this release:

- Department of Health

Audience

- Software developers developing electronic prescribing-enabled products.

Support

For further support or to provide feedback, please email help@digitalhealth.gov.au

Future releases

Future releases will reflect any changes required to electronic prescribing.

31/10/2019	<p data-bbox="344 300 1430 432">EP-2984:2019 Electronic Prescribing v2.0. https://developer.digitalhealth.gov.au/specifications/ehealth-foundations/ep-2984-2019 https://developer.digitalhealth.gov.au/specifications/ehealth-foundations/ep-2984-2019/dh-2987-2019</p> <p data-bbox="344 448 539 477">Release rationale</p> <p data-bbox="344 490 1430 582">Electronic prescribing provides an option for prescribers and their patients to have a digital prescription as an alternative to a paper prescription. Electronic prescribing is not mandatory, and patients and prescribers will be able to choose an electronic or a paper version of their prescription.</p>

This release includes the final technical documents. These technical documents include:

- A Solution Architecture to provide an overview of the architectural components of the end-to-end national electronic prescribing framework;
- A Conformance Assessment Scheme which describes the scheme for assessing the conformance of software against the Conformance Profile involved in the electronic prescribing process; and
- A Conformance Profile to summarise the functional and non-functional requirements for software that supports participation in electronic prescribing.
