Electronic Prescribing - Conformance Test Specification Release Note

12 July 2022   v3.0.2
Approved for external use
Document ID: DH-3660:2022

Related end product identifier: EP-3659:2022

Release rationale

This release of the end product EP-3659:2022 updates and merges test data for subject of care, HPI-I and HPI-O and added instructions for Transitional eNRMC software vendors.

Package inclusions

New

Identifier	Name and version
DH-3661:2022	Electronic Prescribing – Information for Transitional eNRMC software vendors v1.0
DH:3658:2022	Electronic Prescribing - Test Data - Subject of Care, HPI-I and HPI-O v3.0

Updated (supersedes previous version)

Identifier	Name and version
DH-3660:2022	Electronic Prescribing - Conformance Test Specifications - Release Note v3.0.2 (this document)

Removed

Identifier	Name and version
DH-3228:2020	Electronic Prescribing - Test Data - HPI-I v2.0
DH-3229:2020	Electronic Prescribing - Test Data - HPI-O v2.0

Identifier	Name and version
DH-3232:2020	Electronic Prescribing - Test Data - Subjects of Care v2.0
DH-3348:2020	Electronic Prescribing - Test Data - IHI v1.0

No Change

Identifier	Name and version
DH-3547:2021	Electronic Prescribing - Conformance Test Specifications - Prescribing Systems v3.0.1
DH-3548:2021	Electronic Prescribing - Conformance Test Specifications - Dispensing Systems v3.0.1
DH-3549:2021	Electronic Prescribing - Conformance Test Specifications - Prescription Delivery Services v3.0.1
DH-3550:2021	Electronic Prescribing - Conformance Test Specifications – Active Script List Registry v3.0.1
DH-3551:2021	Electronic Prescribing - Conformance Test Specifications - Mobile Channel v3.0.1
DH-3611:2022	Electronic Prescribing – Conformance Test Specifications – Test Data – Prescriptions v3.0
DH-3231:2020	Electronic Prescribing – Conformance Test Specifications – Test Data – Prescribe and Dispense Personas v2.0

Change Details

The following items are addressed by this release.

Document ID	Summary	Change Description
DH-3658:2022	Electronic Prescribing - Test Data - Subject of Care, HPI-I and HPI-O v3.0	Subject of Care, IHI, HPI-I and HPI-O test data have been merged into one document and refreshed to ensure that they are accurate and up-to-date.
DH-3661:2022	Electronic Prescribing – Information for Transitional eNRMC software vendors v1.0	Instructions for Transitional eNRMC software vendors.

Audience

- Software developers developing electronic prescribing-enabled products.

Future releases

Future releases will reflect any changes required to electronic prescribing.

Previous releases

Date	Version
28/02/22	Electronic Prescribing – Conformance Test Specification v3.01 This release of the end product EP-3612:2022 updates Electronic Prescribing Conformance Test Specifications for Prescription Delivery Services, Prescribing Systems, Dispensing Systems, Mobile Intermediaries and Mobile Applications.
23/04/21	Electronic Prescribing – Conformance Test Specification v3.0 This release of the end product EP-3459:2021 updates Electronic Prescribing Conformance Test Specifications for Prescription Delivery Services, Prescribing Systems, Dispensing Systems, Mobile Intermediaries and Mobile Applications.
16/10/20	Electronic Prescribing – Conformance Test Specification v2.3 This release of the end product EP-3349:2020 updates Electronic Prescribing Conformance Test Specifications for Prescription Delivery Services, Prescribing Systems, Dispensing Systems, Mobile Intermediaries and Mobile Applications. Two new products are included in this end product, Conformance Test Specifications – Active Script List Registry v2.3 and Test Data – IHI v1.0.
11/08/20	Electronic Prescribing – Conformance Test Specification v2.2 This release of the end product EP-3282:2020 updates Electronic Prescribing Conformance Test Specifications for Prescription Delivery Services, Prescribing Systems, Dispensing Systems, and Mobile Intermediaries only. There has been no change to Conformance Test Specifications for Mobile Applications. There has been no change to Conformance Test Specifications Test Data.
03/07/20	Electronic Prescribing – Conformance Test Specification v2.1 This release of the end product EP-3262:2020 updates Electronic Prescribing Conformance Test Specifications for Prescription Delivery Services, Prescribing Systems, and Dispensing Systems.
11/06/20	Electronic Prescribing – Conformance Test Specification v2.0 This release of the end product EP-3221:2020 aligns all Electronic Prescribing Conformance Test Specifications and Conformance Test Data with the Electronic Prescribing Participating Software Conformance Profile v2.2 [DH-3125:2020].
15/04/20	Electronic Prescribing – Conformance Test Specifications v1.0 This package contained the conformance test specifications for Prescribing systems, Dispensing Systems, Open Prescription Delivery Services (PDS) and all associated test data. The test cases in the worksheets have been written against the specified requirements in DH-3125:2020 Electronic Prescribing Participating Software Conformance Profile v2.1. These requirements served the token based model for Prescribing and Dispensing Systems and the interaction with an Open PDS. Although included in the Conformance Profile, Active Script List Registry, Direct PDS, Mobile Intermediary service and Mobile Application requirements were not included for this release of test artefacts.
