

RELEASE DATE	19-09-2011	ID	FAQ012	CONTACT	Lorinda Panton
CATEGORY	Technical & Architecture				
AFFECTS	All Sites				
TOPIC	PKI Certificate requirements for access to the HI Service				
DETAIL	<p><i>Question:</i></p> <p>Do participant sites need to obtain new PKI site certificates to access the HI Service, or can existing certificates be used?</p> <p><i>Answer:</i></p> <p>There is no need to request a new PKI certificate if the site already has one.</p> <p>The HPI-O application form states that sites may provide Medicare with an existing RA (PKI) number, which Medicare will enable for access to the HI Service.</p>
