## Software Developer Impact Roadmap Designed by Services Australia - updated March 2025 Schedule conditional and subject to change

This roadmap has been developed to capture known impacts to software developers across participating government organisations. The roadmap will provide visibility and transparency of planned activities, enabling cross government collaboration and strategic planning with industry.

| Schedule conditional and subject to change  |   |   |                    |            |            |      |     |     |     |      |     |     |     |     |      |      |     |      |     |     |     |                 |     |     |
